

## **FISCAL NOTE**

TO: Chief Clerk of the Senate  
Chief Clerk of the House

FROM: James A. Davenport, Executive Director

DATE: February 9, 1996

SUBJECT: **SB 2346 - HB 2493**

This bill, if enacted, will prohibit the location of a hazardous waste landfill within 1,000 feet of residential, church or school property or placement of the fill area site within less than 100 feet from all property lines of the site.

Further, this bill applies to:

1. any facility which has not received a final permit;
2. any facility which has not received a final permit-by-rule pursuant to TCA 68-211-106;
3. any facility which has an application pending to expand such facility, and;
4. any facility for which a permit application is filed after the effective date of this bill.

The fiscal impact from enactment of this bill is estimated to result in an increase in local government\* expenditures to the extent that local government is restricted from expanding existing solid waste facilities, or is prohibited from proceeding with existing plans to open a new solid waste facility because of restrictions in the bill. The amount of increase cannot be determined but is estimated to exceed \$500,000 over time.

This is to duly certify that the information contained herein is true and correct to the best of my knowledge.

James A. Davenport, Executive Director

\*Article II, Section 24 of the Tennessee Constitution provides that: *no law of general application shall impose increased expenditure requirements on cities or counties unless the General Assembly shall provide that the state share in the cost.*
